fb.com/noorforces
Digital Marketing and Facebook Page Management for Forces Academy and Cadet College Kalar Kahar.

OBJECTIVE

My objective is to attain an engaging position in Web Development which is optimal for personal growth and discovery. This includes working in a team-oriented environment as surrounding myself with like-minded individuals is a high priority. Also i want to be an Assistant for Project Manager from whom i can get practical knowledge of Project Management by working in field, at the same time helping him in his/her daily tasks.

WORK EXPERIENCE

Bin Suleman Technical Services Company, Islamabad.(Nov. 2017- Nov.2018)
Business Development Intern, SEO Expert

Helped my company in achieving Business and Sales Goals, which included meeting clients and business partners and generating sales through digital marketing. Also did Research and implemented search engine optimization tactics for a wide range of clients.

Jolta Tech. Rawalpindi. (May. - Nov. 2017)
SEO and Games Develpment Intern

Conducted online research for a variety of advertising and web based clients as instructed by the team lead of the organization. Primarily, I was asked to teach myself the principles of keyword research and backlink analysis for the purpose of search engine optimization (SEO) audits, analysis, and copy writing. Not too much in Game Development, anyhow am aware of the procedure of making games for android. Have very little experience in Unity 3D.

Self Taught Graphic Designer

I have good experience in Adobe Softwares like Adobe Photoshop, Adobe After Effects, Adobe Premiere in making Graphics, Animation and Quality Videos.
One of my best clients include : Gasable PK (below is there page, almost all graphics material is created by me)
